Headliner: Bill Gribble – Schooley Mitchell

When Bill was young, he had visions of playing professional basketball. That dream eventually was shot down. Went to River Falls for a degree in Econ. That turned into a job at a lumber distributor which led to a patent. Eventually, Bill work led to a job where one day the CEO came in and laid a bunch of people off including Bill. At that point he found Schooley Mitchell. Bill passed around a sample report that they will provide to a customer that shows the pile of money they will save. Schooley Mitchell will provide subsequent audits to verify that the companies continue to save. The two biggest challenges for Bill is that companies get 3 calls each day about credit card processing. And they have to provide some pretty sensitive financial info.

Commercials were given.

Meeting was adjourned at approximately 8:40 am
